6.0 Functions of Probation and Child Care Services

6.1 Giving Care & Protection to Children in Need

During the last decade of war, large number of children have become orphans and destitute. They need personal care and educational facilities in a proper environment for their personal development. Now our country has become peaceful situation. Accordingly action is being taken firstly to reunify children at children Homes and reduced the children homes.

Presently we have 74 registered Children Homes and 13 unregistered Children Homes in the Eastern Province. There are 2703 children staying in this registered Children Homes. The homes maintained by the Voluntary Organisation are periodically supervised by the departmental officers. The department gave financial assistants to this Organisation.

In the past one year, the department spent Rs. **5,720,100/-** to **1725** children who are living in the registered orphanages in the Eastern Province.

Maintenance grant of **Rs. 500/=** per child is paid on a monthly basis to the homes. There is an ad. hoc grant paid at the rate of **Rs. 75,000/=** for construction of building and purchasing of furniture and equipment where as **Rs. 40,000** is given for the purchase of clothes and kitchen utensils. The children homes received **Rs.3,530,100/-** in form of ad hoc grants during 2010 (**Please see Annexure IV-for further details**)

According to the Orphanage Ordinance No. **22 of 1941** and No. **45 of 1946** the Commissioner is mandated to register all the children homes, while a Government Circular No. **12/76 of 1976** clearly states that the Department of Probation and Child Care is the key agency mandated by law to take care of all the children in need of protection. This means that more resources are required by the department in order to enforce the regulations.

6.2. Re unification

As per the latest policy of the Central Government, mentioned that the home environment is best. The work plans are carried out by our department with the collaboration of the Save the Children and the UNICEF.

Accordingly action is being taken firstly to reunify children at Children Homes who have both parents and secondly who have one parent and thirdly who have no parents, with their relations and the children is prevented to attach children homes.

When the reunification is done, Rs.20,000/- given per a family for self employment, considering their financial position. 100 families were benefited in this year.

The following actions were taken up to the year of 2010.

District	No. of reunified children	No. of prevented children
Ampara	86	270
Batticaloa	51	110
Trincomalee	83	103
Total	220	483

6.3 Supports to Day Care Centres

There are also **81** Day Care Centres run by Voluntary Social Service Organizations as well as individual persons in various villages spread all over the province. These centres are assisted at the rate of **Rs. 100/=** per child per month and over **Rs.3,912,413/-** was spent in 2010 to supplement the support given by the centres with 77 registered centres benefiting from the grant. They also receive Thripasha, which is normally supplied through the department by the Ministry of Health. (Please see **Annexure –V and VI for further details**)

No of Day Care Centres registered	-	77
No. of beneficiaries	-	4151
Financial assistance provided	-	Rs. 3,912,413/-

6.4 Rehabilitation of offenders and young persons in need of correction

The department's major role is the correction and rehabilitation of young offenders and children in need of special protection. Currently the department does not have any correctional centre in the province as the case in other provinces therefore it's not in a position to carry out correction and rehabilitation of the young offenders. This has led to the problem of the young offenders being lumped together with adults both in police remand as well as being sent to adult prisons as a result of lack of any rehabilitation centres.
